

Opéra

Electric Radiant Heater

Simplify heating projects and elevate client comfort with the Convectair Opéra radiant heater series. Offered in a variety of sizes and wattages to suit clients specific heating needs, transforming spaces into a warm and inviting environment.

COLOR

- Standard: satin white

FINISH

- Epoxy/polyester anti-rust powder coating resistant to UV rays

VOLTAGE

- 240/208 V, 60 Hz, 1-phase

CONSTRUCTION

- Convex casing with rounded corners
- Perforated front panel for better radiant heat diffusion with absence detector
- High-limit temperature control with automatic reset

HEATING ELEMENT

- High-efficiency monoblock element constructed from **1** ribbed aluminum alloy

CONTROL

- Programmable built-in electronic proportional-action digital thermostat, ultra-precise to 1/10 °C (1/5 °F), located at the top of the unit **2**
- LCD backlit display with digital controls lockable by key combination and the ability to add a code for unlocking
- Temperature display format (°C or °F)
- "On-Off" button
- "Manual" button to choose from Comfort, Economy and Frost Protection modes
- "Open-window" button to activate the open-window detection function
- "Automatic" button
- Energy use indicator
- Heating indicator light
- Absence detector (setback when absence is detected, and this **3** function is activated)

INSTALLATION

- Quick-mounted surface installation with the included wall-mounting easy snap-on bracket that also serves as marking template
- 240-V unit: Flexible cord connection, including junction box cover
- Installation requires 2 x 3" wall box (not included)

WARRANTY

- 5-year warranty on the heating element
- 2-year warranty on parts and defects

APPLICATIONS

- Kitchen, living room, family room, bedroom, bay window

It is recommended that all units be installed by a licensed electrical contractor in accordance with national and local codes. Consult convectair.ca to find installation instructions for our heaters.
